

Thinking out loud – Ed Sheeran

When your legs don't work like they used to before And I can't sweep you off of your feet

Will your mouth still remember the taste of my love Will your eyes still smile from your cheeks

And darling I will be loving you 'til we're 70

And baby my heart could still fall as hard at 23, and I'm thinking 'bout how

People fall in love in mysterious ways

Maybe just the touch of a hand

Oh me I fall in love with you every single day And I just wanna tell you I am

So honey now, Take me into your loving arms

Kiss me under the light of a thousand stars

Place your head on my beating heart, I'm thinking out loud

Maybe we found love right where we are

When my hair's all but gone and my memory fades

And the crowds don't remember my name

When my hands don't play the strings the same way, mm I know you will still love me the same

'Cause honey your soul can never grow old, it's evergreen

Baby your smile's forever in my mind and memory, I'm thinking 'bout how

People fall in love in mysterious ways, maybe it's all part of a plan

I'll just keep on making the same mistakes, Hoping that you'll understand

But baby now, Take me into your loving arms

Kiss me under the light of a thousand stars

Place your head on my beating heart, I'm thinking out loud

That maybe we found love right where we are, oh

Solo

But baby now, Take me into your loving arms

Kiss me under the light of a thousand stars

Place your head on my beating heart, I'm thinking out loud

That maybe we found love right where we are, oh

We found love right where we are

We found love right where we are

We found love right where we are
